

DRAGON

Terrace Awnings

From the beginning in 1992  
DRAGON company focused  
on quality and reliability of  
the products. This approach is  
strongly reflected in our designs.

DRAGON

Hydro, former Sapa is a  
scandinavian aluminium producer  
where we let structural parts  
of our awnings and pergolas.

DRAGON

When choosing fabric we went for most reliable suppliers.

somfy®

Somfy supplies motors  
and control systems for  
our products. Industry leader  
is an obvious choice.
